

Kansas has a lady lawyer, and she has already become noted because she is the first woman in that State admitted to the bar.

The United States exported during the year ending June 30, 1880, over eighteen millions of dollars worth of tobacco.

Mr. P. T. Barnum never discovered that it was a good thing to be on the Lord's side until seventy years experience on the other side.

Marie Rose-Mapleton, who is now delighting large audiences in Chicago, has a voice the commercial value of which is about \$50,000 a year.

The attempt to pass the electoral count resolution has not been sufficiently successful to encourage the Democrats to talk about a cabinet for Hancock.

Mr. Alexander H. Stephens wants to know when the Democrats will stop making blunders. Not until Gabriel's trumpet shall sound if the party live so long.

Helena, Arkansas, is about to follow the example of Memphis, and quit being a city, so as to roll off the debt, with which the citizens claim they are unjustly burdened.

Wisconsin still stands in the front rank of States which offer good cabinet timber to General Garfield. If one good turn deserves another, Wisconsin will not be left out in the cold.

The Grant County Herald, and the Plattville Witness, have both come out for Keyes for the Senate. It is said by the best of authority that Mr. Keyes will get the Third district solid.

The Democrats have not yet been able to find a crumb of comfort in the electoral count proposition. They thought at first they could smell game, but now they discover they were on the wrong trail.

Milwaukee is noted for its lager beer, and now it wants a reputation for its oleomargarine, of which it manufactures twelve thousand pounds a day. The stock of grease is hardly equal to the demand.

Limbo has reason to expect to have its boundaries enlarged by the legislative assembly now in session. It is to be hoped that the enlargement will not have a corresponding effect upon the Manitoba waves.

It is said by Madame Gossip that Mrs. J. W. Mackey, the wife of the Nevada silver king, lives in Paris at the expense of a million a year. Even at that rate she will not be able to draw materially on her husband's fortune.

We notice that one of our exchanges, which is showing its boasted neutrality, by first supporting and afterwards opposing Keyes, spells Sawyer's name with a little "s." The Gazette never treated him with such disrespect as that.

Enough iron steamers for transatlantic trade are being built now in the shipyards of Great Britain to reach a full mile, if placed in line. So says the Chief of the Bureau of Statistics, Mr. Nimmo, in his report on foreign commerce. In contrast with this activity is placed the fact that ship-building of all kinds here is on the decline. He also shows the marked decrease in that branch of American merchant marine which is employed in the foreign commerce of the country, and in that branch also employed in internal and coastwise commerce. Among the causes of this decline seem to be the fact that capital finds better investment in land industries, and the efficiency of railroads for internal commerce. In freight cars alone there has been an increase of twenty-five per cent in four years.

The trial of Rev. Dr. Carhart by the court of appeals, closed at Freeport last night, and resulted in reversing the decision of the Wisconsin conference, and acquitting the defendant. The list of charges against the reverend doctor were long, and varied, embracing some trivial complaints, and running up to the more serious ones of lying, dishonesty, and perjury. At the last October session of the Wisconsin Methodist conference, these charges were sustained, and Dr. Carhart was expelled. He then carried the case to the court of appeals which consists of eighteen members of adjoining conferences, and their decision is final. The only evidence presented to this body is the record of the previous trial, no new witnesses or evidence being allowed. After having the record read, and the arguments made, the jury retired last evening and in less than half an hour brought in their verdict acquitting him of all the charges. Of the eighteen, twelve stood for acquittal, four for conviction on some of the charges, and two for sending back the case for a new trial. Although this is the final decision in the case, and no further action can be taken, yet the effects of this long prolonged church fight cannot be stopped thus short. In this State the Methodists have been greatly excited over the matter, and much bitterness of feeling has been engendered, which cannot be allayed by the verdict. It is not known what Dr. Carhart will now do. He is by this verdict made a member of the Wisconsin conference, in spite of that body; but of course it will not be very pleasant for him to work alongside of brethren who have by their votes declared him a liar

and a perjurer. And yet his friends will probably urge him to stick by the field, and not be driven out. Though the final verdict has been reached, yet the end seen is still afar off.

A FAIR VIEW OF THE SENATORIAL QUESTION.

The question of electing a United States Senator in this State is one which demands calm, earnest, and thorough consideration. The office is one of all-importance, and he who is called to fill it must be a man who, in all respects, is above reproach, and who, by his personal strength, pronounced ability, incorruptible integrity, will fill it well. It will not do in this senatorial contest to attempt to build one candidate up by tearing another down. It will not answer the purposes of justice to make false statements regarding one or the other of the two prominent gentlemen who are striving for the office. It will not be a credit to the friends of either one of these men to engage in a personal warfare. The Republican party of Wisconsin will be held responsible for its action in making a United States Senator. The interests of the party as well as those of the whole people are at stake in this controversy, and the principle which should guide the Republican members of the Legislature should be not to make a mistake.

The Gazette desires to discuss this question honestly and boldly, to hold fast to the truth, and to give some substantial reasons why Mr. E. W. Keyes should be elected Senator rather than Mr. Sawyer. If Mr. Keyes has these qualifications which render him better fitted for the senatorship than his opponent, the Republicans are in duty bound to elect him. If he is able to do more service for the State in the Senate, and can better represent the interests of the party and of the people in general than Mr. Sawyer can, then there should be no question about his election. If he has more vigor, more progressive elements in his make-up, can do more work, and can wield a greater influence, would it not be wisdom on the part of the Republican members of the Legislature to elect Mr. Keyes?

The Gazette supports Mr. Keyes because—

He is a true Republican in sunshine and in storm.

Because he is an honest man.

Because he has the ability to represent the State of Wisconsin in the Senate of the United States.

Because he has done a great deal of hard work for the party for precious little pay.

Because he can not be tempted by bribery nor seduced by flattery.

Because on two or three very important occasions money could not buy the man nor any part of his influence.

Because through every stage of his life he was incorruptible.

Because he has courage, manly pluck, indomitable energy and marvelous industry.

Because he has a thorough knowledge of our State affairs and will take care of the interests of the State.

Because no corporation can own him or control him.

Because he has never enriched himself at the expense of his party.

Because he was the chief mover in the work which put an end to distilling frauds in this State.

Because his extensive knowledge of men and things, and his comprehensive views of national affairs, will make him a useful Senator.

These are some of the reasons why the Gazette supports Mr. Keyes; and when we give these as his qualifications, we know whereof we speak. These are facts for the consideration of the people of Rock county, and they address themselves to every Republican member of the Legislature.

LIVELY TIME EXPECTED.

NEW YORK, Dec. 17.—A Washington special says: "A lively time is expected soon between Senators Conkling and Bayard. The former is now possessed of ample proof to show that Senator Bayard, in his speech at Dover, went quite as far in attacking Conkling, Boutwell, and Noah Davis as was at first charged. Mr. Conkling has letters from ten or twelve citizens of standing, who heard the speech, indorsing the report printed in the Philadelphia Press. To-day an affidavit is printed from the stenographer who reported the speech declaring its entire accuracy. He is one of the best known and most skillful shorthand writers at the capital, and a thoroughly honorable man. He has occupied positions of great trust and importance here, and his work is accepted as equal to the best. It is supposed, that Mr. Conkling will bring the matter before the Senate in the shape of a personal explanation.

A Grand Reputation.

Warner's Safe Kidney and Liver Cure has reached a reputation that is not limited by the confines of section or country. There are no injudicious substances, no false and temporary stimulants in the preparation. It is purely vegetable and compounded under a formula that has passed severe tests and won endorsements from some of the highest medical talent in the country.—New York World.

RESIGNED.

THE NEXT HOUSE.

The Republicans Will Have One Majority Over All.

WASHINGTON, D. C. December 17.—Lee Chandler and other managers of the Greenback party, or what is left of it, indignantly deny that they contemplate an alliance with the Democrats for the purpose of controlling the next House, as the Republicans will have a majority over all, so the purposes of an alliance are not apparent. A prominent Greenbacker remarked to your correspondent to-day: "We are allied to principle and can never join hands with the Democratic party. This would seem to be self-evident." Another Greenbacker says they intend to hold the balance of power in the next House and dictate legislation, but this is clearly impossible. It is now conceded by all but a few Greenbackers that the Republicans will have a clear majority. "The latest figures furnished by a member of the Republican congressional committee are as follows: Republicans, 116; Democrats, 137; Greenbackers, 3. There is a vacancy in the Third New Hampshire district, caused by the death of Farr, the member-elect, which will be filled by a Republican, giving the party 147 votes, a quorum, and a majority over all. Included in the estimate of the number of Democrats are, at the present time, the Independent Democrats, and Paul Clarkson, Readjuster Democrats, of Virginia. It is further known as between the two parties, a majority of the Greenbackers will act along with the Republicans.

A BUFFALO HORROR.

Burning of a Large Paper Factory—The Loss of Many Lives.

BUFFALO, Dec. 17.—A serious fire attended by heavy loss of life, occurred here this evening. About 6 o'clock fire was discovered in the third story of the immense five-story building owned by George W. Tift, on Perry street, and occupied by Birge & Sons, wall paper manufacturers. The building is 80 feet front by 200 feet in depth, and about 150 men and boys were employed at the time. All of the number were at work, and in less than twenty minutes after the alarm was given the building was a mass of flames. Walls crumbled and fell, and probably buried twenty to thirty of the employees. The doors of the different rooms were hung to swing in, and each had a heavy spring closing them, thereby retarding the egress of the occupants.

The building was without fire escapes of any kind. The terrified workmen jumped from the windows, and many of them escaped with broken bones and bruised bodies. Those in the upper stories, unable to escape, appeared for a moment at the windows, and then sank back suffocated in smoke and flames. The flames next communicated to the Union mail house adjoining, also the property of George W. Tift, which was destroyed. The building was three stories high, 60 feet wide, and 200 feet long, containing \$25,000 worth of grain, the property of John B. Manning. The loss can only be estimated at present, and is placed at the following figures: George W. Tift, on building, \$105,000; Birge & Sons, machinery and paper stock, \$150,000; John B. Manning, grain, \$25,000; city engine house, \$3,000, by falling walls. The insurance is estimated at \$180,000. James Ryan and John Kennedy, both employed on the fourth floor of the Birge building, jumped to the ground, escaping with but slight bruises.

A small boy, name unknown, was seen to jump from the fifth floor, catch hold of the telegraph wire, which broke, and, slipping down it, escaped with a badly cut hand.

A SENSATION.

Which Proves to be a Very Thin Affair.

WASHINGTON, D. C. December 17.—There has been an attempt to create a sensation out of a very trifling incident which happened here yesterday, and to make it appear that General Logan has been challenged by the irate ex-army

officer whose claims he declined to notice. The officer in question was a very brave man, and was recently confined at the Government Insane Asylum, and is not considered as entirely responsible for his acts. All there is in the story is that he sent his card in to Senator Logan, and that the latter, who has been informed by him for more than a year to aid him in being restored to the army, declined to see him. As a consequence of which the officer is reported to have challenged the senator. There has been no challenge, nor is there likely to be one.

GRANT AND SHERMAN.

General Joseph E. Johnston Explains the Situation.

WASHINGTON, Dec. 17.—Ex-Confederate General Joseph E. Johnston complains that the press reports to the effect that he slipped out of the House to avoid meeting General Grant yesterday have done him great injustice. He says he entertains the highest opinion of the distinguished Union soldier, and his relations with him are only of a friendly nature. In fact, he left his seat for the express purpose of seeking General Grant not knowing that he was about to enter upon the floor of the house by another doorway about the same time. Most of the Brigadiers resent the imputation that any of the disreputable exhibited yesterday toward Grant came from them. "It was from these Northern Democrats," said a Southern member with a disgusted air, "these fellows who did no fighting on either side. There is no contempt for Grant by anybody who fought him, in Congress or out, let me assure you of that." This undoubtedly is the sentiment of most of the ex-Confederates on the floor of the House.

General Sherman says that he expects to visit California for the last time in 1882, when he will be 62 years of age, and go upon the retired list. He does not fancy the appointment of General Grant as commander-in-chief, believing that such an office is unnecessary.

SOUTH CAROLINA.

A Characteristic Election Counting the Democratic Majority.

WASHINGTON, Dec. 17.—A so-called election was held in Kershaw county, South Carolina, last week, for a member of the legislature to fill a vacancy occasioned by death. A Republican present at one of the principal polls thus writes of what took place: "The election passed off quietly. I have only heard from the Camden poll. As before, the box at this poll was carried by a majority of 800 and more for the Democratic candidate, when there were but 700 votes actually cast, of which the Republican candidate received 461, giving him a majority of 222. According to the count of the managers there were 1,648 ballots out of the box, 1,242 in favor of the Democrats, and 406 in favor of the Republican candidate. I kept a poll list outside of the window from the commencement to the end of the voting, tallying every man who voted the Democratic ticket, and taking the names of those who voted the Republican ticket."

REMORS.

WASHINGTON, D. C. December 17.—There is a rumor which is not authenticated that ex-Senator Sargent, of California, has been tendered the position of Secretary of the Navy, to succeed Mr. Thompson. Some of the Pacific Coast men have been endeavoring to secure this place for Mr. Sargent in Garfield's Cabinet.

There is another rumor that Jay Gould, in the interest of the Missouri, Kansas & Texas road, has in some manner obtained the support of the Indians in the Indian Territory who have hitherto been so aggressive in their opposition to the opening of the Territory, and that the result is that he expects their cooperation instead of their opposition. This may, however, be a stock-jobbing story, as speculations in that stock are reported as quite active.
